

B.COM. (HONOURS).....redefining commerce studies... (Unaided)

The B.Com. (Honours) Program intends to prepare learners for their career in Accounting, Finance and Taxation professions. The emphasis of the course is to impart to the learners, specialized skill sets in the areas of accounting, finance, and taxation with a view to pursue careers as professional accountants. While there is enough diversity in the knowledge base for the graduates to excel in any field or enterprise of their choice, the primary focus is for them to function as top notch professionals in the financial services industry in different fields of operations. The programme is designed to ensure that the learners will develop wide range of accounting, financial and analytical expertise.

The program will focus equally on theoretical and practical aspects of the above mentioned domains; promote an attitude of life-long learning among them, thus preparing them to be successful professionals.

The program provides a learning ambience that challenges the learners' mind through competitive education emphasizing on inculcating values, and transforming them into socially responsible professionals.

The B.Com. (Honours) program is an excellent choice for learners intending to pursue CA/CMA/CFA studies along with or subsequent to their graduation.

Special Features:

- Batch size of 60 students only
- Curriculum specially designed for the students who are pursuing CA/CMA/CFA studies
