

ECONOMICS

ABOUT

The Department of Economics, established in 1961, is one of the oldest departments of Mithibai College, offering B.A. and M.A. programmes in Economics. It equips the student with a robust background in advanced economic theories & their applications. With a dual focus on theoretical and quantitative models, students are able to carry out systematic research to critically analyze economic issues in society and social sciences.

COURSE HIGHLIGHTS

- Hands-on practical sessions on Softwares
- Research project under experienced supervisor
- 3 Bridge courses in quantitative methods
- Skill Building with Mithibai Economic Forum & The Economic Transcript
